

Hello from Friends of Oil Creek State Park.

Due to the COVID pandemic, our Chicks in the Sticks program was cancelled in 2020 and 2021. We are hoping to restart the program again this year. The program depends on our instructors for its success. We thank you for your help in the past and hope to see you again this year. Since knowing what classes will be available this year is such a critical part of our planning we need to know if you are interested in being an instructor this year. Please reply ASAP so we can continue planning. Even if you are not sure but considering being an instructor please let us know. If you definitely can't be an instructor please let us know that also. In short send us something back so we know you got this.

Thanks

John Kolojejchick

Chicks-in-the-Sticks

Workshops for Women

The planning committee for “Chicks-in-the-Sticks”, Workshops for Women, is working on the 2022 event. This year's event will be June 18, from 8 am to 5 pm. We are looking for presenters for this year's program. Our goal is to offer classes that engage woman in outdoor activities and help them feel more comfortable and secure through active “hands on” participation in those activities.

Classes should do one or more of the following:

- teach an outdoor skill;
- introduce students to an outdoor activity;
- give students something to take home with them.

If you participated in the past, we would like to have you back. If you have a new program we would like to hear about it.

Please reply to this email ASAP to let us know if you can (or can't) be a presenter this year so we can begin planning a program schedule.

If you have questions, we can be contacted at all of the following:
